Adoptions from Uganda: Disclosures

In an effort to provide due diligence and to protect the adoption process Angels' Haven Outreach, as a licensed international adoption agency, has taken the following precautions:

OPRHAN CHILDREN/FUND

On May 20, 2008 we entered into a signed agreement with Orphan/Children Fund to provide adoption services. We have, on file, a copy of their Certificate of Registration to provide adoption services issued by the Republic of Uganda, a copy of their Certificate of Charter issued by the International Fellowship of Ministries and a signed copy of Angels' Haven Outreach policy that prohibits child buying. Angels' Haven Outreach has also provided fingerprint cards for the director and his wife and they are attempting to complete the fingerprinting process in Uganda now. Additionally, as the directors of Orphan/Children Fund are American citizens (speak English) and as they desire to work with adoptive families that will embrace the child's culture, adoptive families, prior to entering into the process, will have a telephone conversation directly with Orphan/Children Fund.

INTERNET

Until your adoption is final and your child is home safely tucked in his/her bed, Angels' Haven Outreach does not allow you to post confidential information about your prospective child on blogs or yahoo groups. While "chat rooms" may be a good source of information, they are not always the best source of gleaning accurate facts and our first priority is to protect the child's confidentiality.

ACKNOWLEDGEMENT

Adoptions are, by nature, a bumpy and unpredictable process, even more so when we are working in developing countries with fluid legal systems and then adding on top of that, the program in Uganda is new to us. Therefore, as prospective adoptive parents you too must take accountability in the decision process. By signing this document you are saying that you understand these issues and choose to move forward in the process.
